MESSAGE FROM DIRECTOR'S DESK

One is always looking for an opportunity to improve himself & always comes to the same conclusion that the only way is through hard work, concentration and continued application. The courses offered at INC are structured keeping this in mind. The present times demand lifelong learning to create and respond to the change happening around. Each student from INC has the skill to anticipate and respond to company-wide change, be it due to technology or any other factor. The emphasis is on self learning and students are encouraged to look at every situation with a questioning attitude. At INC, we help students to become thoughtful and sensitive professionals, committed to self improvement.

Courses are primarily an entry level qualification for a professional career. To lead an organization, students need to be familiar with all its facets. Our curriculum teaches them to anticipate the impact of a strategic decision across multiple functions of a business. Here they master the art and science of collaborative leadership. They get to work with teams as diverse as one can find in any workplace today. When they pass out, they take with them the ability to make quick and correct decisions as well as leadership skills.

INC students get the benefit of studying under outstanding professors, meet people from diverse backgrounds and participate in extracurricular activities. Apart from diverse backgrounds and participate in extracurricular activities. Apart from equipping them with managerial and entrepreneurial skills, students are given ample opportunities to explore, experiment and imbibe good values.

We hope you will be among-st the fortunate ones who get admission to our college. My best wishes for a successful career ahead!

Mr. Naveen Sharma

Mr. Naveen Sharma
Director, INC College

The only thing that stands between you and your dream is the will to try and the belief that it is actually possible.

Nothing can stop the man with the right mental attitude from achieving his goal; nothing on earth can help the man with the wrong mental attitude

Thomas Jefferson

WHY INC SIKAR

Welcome to **INC**, a place to pursue knowledge beyond traditional boundaries. You will encounter that attitude all around our campus, in education, in scholarship and in research.

INC initiated to impact quality education to the youth while equipping them with knowledge and skills which would enable them to leave their individual marks in the business world. **INC** strives to create a niche of talented managers who make meaningful contributions to global businesses. Offering academic programmes at both undergraduate and postgraduate levels, **INC** allows aspiring managers to get a comprehensive view of the Business World

Facilities at INC

INC is one of the most modern, purpose built business school in the country. **INC** provides various facilities like library and IT infrastructure etc.

The **Infinitus National College (INC)** is recognized as a premier business school, committed to academic excellence and value based education. In our endeavor to shape and develop business leaders, we offer several full time courses which include **Master of Business Administration (MBA)**, **Master of Computer Application (BCA)**, **Bachelor of Commerce (B.Com)**, **Post Graduation Diploma in Computer Application (PGDCA)** are affiliated to Rajasthan University and India's top University.

Armed with proficient and experienced faculty members and state of the art academic infrastructure, **INC** provides an excellent environment for learning and development activities. We offer the latest in management education through a unique pedagogy to enable the students to become successful and socially responsible professionals.

INC commitment to "**Value Addition through Education**" is manifested through a whole spectrum of programmes and industry-oriented activities. In addition, our students take up various projects with **NGOs** and organize **CSR activities** under various platforms. **INC** has produced many distinguished alumni, who have contributed significantly to the industry and the society and earned accolades and respect in their chosen careers.

LIFE IS 10% WHAT HAPPENS TO US &
90% HOW WE REACT TO IT

MISSION & VISION

We should remain STUDENTS for lifetime. You should be ready and yearn to Learn from every moment of life. The Basic elements of life need to be associated with learning. The learning process should be a part of your DNA

Shri Narendra Modi

Honorable Prime Minister of INDIA

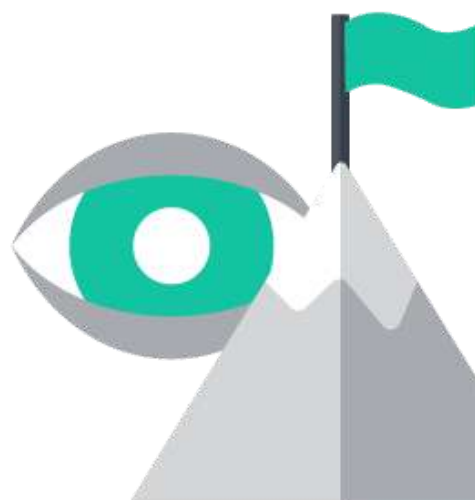

Our Mission

To prove quality education and training by employing innovative pedagogy to have a flexible and need-based Architecture to bring advancement of knowledge in the field of management by undertaking relevant innovative research programme to associate with the government, industry and institutions in the development and application of new knowledge for the benefit of the society.

Our Vision

To be a premier national college, achieving excellence in management & IT education and research through continuous competency building.

MBA

Master Of Business Administration

The value of the MBA, however, is not limited strictly to the business world. An MBA can also be useful for those pursuing a managerial career in the public sector, government, private industry, and other areas.

Course Structure

First Semester

- Management-'Theory and Practice'
- Managerial Economics
- Accounting for Managers
- Organizational Behavior
- Quantitative Techniques
- Business Ethics and Values

Second Semester

- Management Information System
- Business Law
- Financial Management
- Marketing Management
- Human Asset Management
- Executive Communication

Third Semester

- Management of Small Business
- Entrepreneurship Development
- Business Policy and strategic management
- Operations Research

Fourth Semester

- International Business Environment
- Operations Management
- Total Quality Management

**Our Greatest weakness lies in
GIVING UP!**

**The most certain way to succeed is
Always to TRY one more TIME.**

B.COM

Bachelor Of Commerce

The Bachelor of Commerce is designed in such a way in which the students are able to develop business acumen, analytical skills, financial literacy and managerial skills.

Course Structure

First Year

- General English
- General Hindi
- Business Administration-I
- Business Administration-II
- EAFM-I
- EAFM-II
- ABST-I
- ABST-II
- Environmental Studies
- Elementary Computer Applications

Second Year

- EAFM-I
- EAFM-II
- Business Administration-I
- Business Administration-II
- ABST-I
- ABST-II

Third Year

- ABST-I
- ABST-II
- EAFM-I
- EAFM-II
- Business Administration-I
- Business Administration-II

**Only you can change your
LIFE!**

**No one can do it for
YOU!.**

Carol Burnett

Course Structure

First Year

- Fundamentals of Accounting
- Business Ethics & Environment
- Principles of Management
- Legal Framework
- Business Economics
- Retail Management
- Communication and Computer Application

Second Year

- Cost and Management Accounting
- Economic Environment
- Marketing Management
- Human Resources Management
- Company law
- Project Management and Entrepreneurship Development
- Operations Management

Third Year

- Financial Management
- International Business
- Organizational Behavior
- Strategic Management
- Corporate Management
- Management Information system.
- Project Report

**Successful and Unsuccessful people
don't vary greatly in their ABILITIES!
they vary in
their desires to Reach their POTENTIAL**

John Maxwell

B.B.A

Bachelor Of Business Administration

The BBA course offers knowledge and training in management and leadership skills, to prepare them for managerial roles and entrepreneurship. Candidates learn various aspects of business administration and management.

PGDCA

Post Graduate Diploma in Computer Applications

Post Graduate Diploma in Computer Applications (PGDCA) is designed for graduate students who are interested in computer applications. This program allows students to seek professional knowledge in computer applications.

Course Structure

First Semester

- Fundamentals of Computer
- PC Software
- Database Management System
- Programming in 'C' & Data Structure
- Operating system Principle
- Computer Networks and Internet concept
- System analysis and design
- OOP's Programming using in 'C++'
- Basic Mathematics
- Practical based on PC Software Lab
- Practical based on 'C Programming Lab'

**Things work out BEST
for Those!
who make the best of
HOW things WORK OUT**

John Wooden

Course Structure

First Year

- Electrical Circuit and Circuit Analysis
- Semi Conductor Physics, Electronic Device and Circuit
- Business Accounting Fundamentals
- Discrete Mathematics
- Statistical Methods
- Computer Architecture
- Operating System Fundamentals
- Algorithms and Data Structures
- Principles of Programming Languages

Second Year

- Financial and Marketing Management
- Digital Electronics & Circuits
- Mathematical methods for Numerical Analysis and Optimization
- Database Management System
- Object Oriented Programming
- Networking Technologies and TCP/IP
- System Analysis and Design
- Internet and Intranet
- Electronic Communication and Data Communication
- Visual Basis, Visual C & Visual FoxPro Programming (Lab)
- Web Authoring Tools, Java and Perl Programming (Lab)
- Digital Electronics Lab (Lab)

Third Year

- Computer Graphics and Image Processing
- Software Engineering
- Stimulation and Modeling
- Advance Computer Architecture
- Management Information System
- Network Security and Cryptology
- E-Banking and Security Transactions
- Internet Application Development
- E-Commerce
- Oracle/Auto-cad 2000 (Lab)
- OR
- Web Site Development and Web Client Programming (Lab)
- Computer Architecture and Networking Lab (Lab)

BCA

Bachelor of Computer Application

One of the most popular options to get started with a career in Information Technology, the course gives you an insight into the world of computers and its applications.

Course Structure

Semester One

- Mathematics
- Data Structure
- Programming in C
- Financial Accounting
- C Programming Lab and Windows based Application Lab

Semester Two

- Discrete Mathematics
- DBMS
- OOPS with C++
- Computer Orientation and Architecture
- DBMS Lab
- OOPS C++ Lab

Semester Three

- Data Communication
- Advanced Computer Graphics
- Advanced Operating system
- Unix and Shell Programming
- Unix Lab
- Operating system Lab

Semester Four

- Advanced Software Engineering
- Analysis and Design of Algorithm
- Advanced Java Programming
- System Programming
- RDBMS Lab
- Advanced Java Programming Lab

Semester Five

- Advanced Computer and Security
- Internet Programming and Web Designing
- Data Warehousing and Data Mining
- Elective-1
- Graphics Lab | Web Designing/Internet Lab

Semester Six

- Advanced MiS and E-Commerce
- Elective-2
- Elective-3
- Project

MCA

Master of Computer Application

A MCA degree endows students' an opportunity to work with tools meant to develop better and faster applications. Designed to meet the shortage of qualified professionals in the IT industry.

Electives For Semester Five & Six

Elective-1

- Computer Design
- Mobile Computing and Communication
- Simulation and Modeling

Elective-2

- Pattern Recognition
- Operations Research
- Advanced Computer Architecture

Elective-3

- Client Server Architecture
- Artificial Intelligence
- Network Management

Scholarships for INC Students:

An INC student will be eligible to take scholarships on behalf of their academic record & their caste.

Eligibility for Scholarships:

60% aggregate and above in CBSE/ICSE/State Boards of Class 12th

OR

60% & Above in graduation and SC/ST/OBC

Necessary conditions:

- Scholarships seats are limited. The mentioned percentage are the only eligibility to apply for scholarship. Candidates securing above percentage are required to fill INC's Application Form.
- Absence of relevant Mark-sheets, Direct admission and short scholarship application will not be considered.
- Final decision of granting scholarship is with the scholarship committee.

How to apply:

Prospectus and application forms can be obtained from the INC Campus at a cost of ₹ 500 (Five hundred rupees only) Payable in Cash/By Demand Draft in the favor of "The Infinitus National College" at Sikar

A JOURNEY OF THOUSAND MILES BEGIN WITH
A SMALL STEP

STEPS OF SUCCESS

Success is the aim of Modern era. Be Successful is its Motto. All human beings want to be successful. A greater part of life is spent in preparation of success and nearly the entire later part for the achievement of success. We all want to be successful! Success is today's Buzz word. We search for some magic success formula; some success secret; and the success mantra.

The success Guru's success formula, success secret and success mantra is very simple:

- Have a haunting desire for success, and a permanent goal in life.
- Acquire the perfect knowledge and skills for success in your chosen field.
- Have a fool-proof plan and faith in yourself.
- Create a group of successful or knowledge people around you.
- Work hard, have self discipline, be good to others & direct all your energies to your success

But there are some characteristics that all successful people share:

- Descent dressing sense
- Soft speaking skills
- Presentation skills
- Industrial training and IT Workshop
- Regular Interaction with corporate personalities
- Interactive session by corporate leaders
- Case Study base subject studies
- Healthy learning environment

Ups and downs in life are very important to keep us going, because a straight line even in an E.C.G means we are not alive.

RATAN TATA

SELF DEVELOPMENT Personal Effectiveness

The students are the **future leaders of any nation**, They need to develop their own habits and values in order to increase their personal effectiveness. They need to redesign their lifestyle and learn new skills to develop themselves, this unique program sets a course of learning our path of learning our path of victory.

Contents:

- Nature of Habits
- Schedule from Morning to Night
- Time Management Activities
- Creativity and Innovation
- Student's Mind
- Way of studying
- New way of thinking
- Meditation technique

Methodology:

- Audio-Visual presentations
- Games
- Exercises
- Role Plays
- Question and Answer Sessions

BE A PART OF LEAD PROGRAMME!

Learn with Hands on Industrial Training

There are some unique policy and strategies which will create a difference to its way of working and make a special identity in the field of education. INC becomes a synonym of a standard education which will provide the right platform to the student's career and to develop this all.

INC uses some special steps to reach to this position.

Academic Process :

- Regular class and periodic assessment of the students
- Regular Interaction with the Corporate personality for their grooming.

INC frames a unique process for lead program for the students. Lead Programme has the following aspects:

- In First year, students get to study with industrial training i.e theoretical with practical learning.
- In Second year, students get stipend training that improves their skills and learn in industrial environment.
- In Third year, students get pre-placement training which helps the students get the final placement.

Apart of this INC provides "**Ability Booster Classes**" through which the students get the opportunities to develop their intellectual abilities.

Get Ahead With **LEAD PROGRAMME**

Ability Booster Classes

Regular Periodic Assessment

Industrial Training

IF IT WASN'T HARD, EVERYONE WOULD DO IT
IT'S HARD THAT MAKES IT GREAT

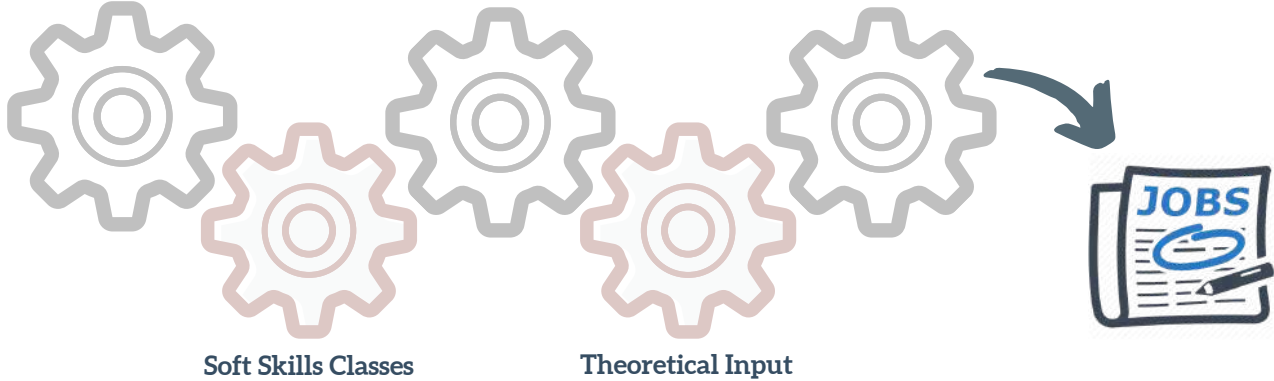

MODERN TRAINING METHODOLOGY

Self Evaluation Exercises

Computer Based Training

OVERVIEW:

INC provides training benefits to the students according to their careers prospective and the business world. It further provides them with a strong foundation to build, develop and manage teams. It also introduces them to the importance of Emotional Intelligence, in dealing effectively with people. Our training is imparted to fine-tune the student's attitudes, values, beliefs, motivation, desires, feelings, eagerness to learn, willingness to share and embrace new ideas, goal orientation, flexibility, innovative thinking, compassion, and communication, manners and etiquette so that they will be able to deal with different situations diligently and responsibility.

INC Training Methodology

The training programmes are conducted in a very informal, interesting, and interactive manner which give ample scope to students to interact with each other and face a wide variety of issues, topics and situations that they are likely to come across as a manager.

THERE ARE NOT LIMITS TO WHAT YOU CAN ACCOMPLISH!
EXCEPT THE LIMITS, YOU PLACE ON YOUR OWN THINKING

INC provides training benefits to the students according to their careers prospective and the business world. It further provides them with a strong foundation to build, develop and manage teams. It also introduces them to the importance of Emotional Intelligence, in dealing effectively with people. Our training is imparted to fine-tune the student's attitudes, values, beliefs, motivation, desires, feelings, eagerness to learn, willingness to share and embrace new ideas, goal orientation, flexibility, innovative thinking, compassion, and communication, manners and etiquette so that they will be able to deal with different situations diligently and responsibility. The training programmes are conducted in a very informal, interesting, and interactive manner which give ample scope to students to interact with each other and face a wide variety of issues, topics and situations that they are likely to come across as a manager.

Interactive and Participating Teaching

Interactive and participating teaching methodologies play a prime role in active learning system. So apart from conventional methodology of teaching, various elite techniques are also adopted by "INC" to enhance the confidence level of student. Students are encouraged too participate in these activates for enrichment of their traits and development of technical cum.

Learn Explore Enrich

LIBRARY

Most Lively Place on the Campus

SELF STUDY | LIVELY ENRICHED DISCUSSIONS | LATEST RESOURCES

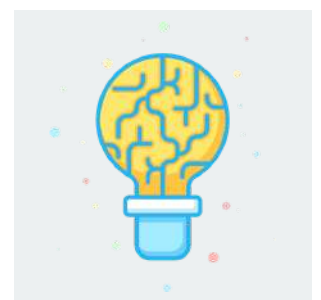

INC focuses on the students knowledge enhancements for that they have prepared a rich library. In the Library there is an immense collection of books which is related to different streams like IT and general study, The Books which are written by foreign and Indian famous writers.

Library plays a vital role for a college for creation of new knowledge through acquisition, organisation, and dissemination of knowledge resources and providing for value added services. It's an essential component of the college outstanding research and education mission. It is a most lively place on the campus providing a safe, comfortable, and friendly environment that enables learning and advancement of knowledge, and promotes discovery and scholarship.

An enriched library with latest books, journals, magazines. A regular constant approach is maintained towards enrichment of this collection.

Placements'

INC SIKAR'S PLACEMENT PROCESS

INC aims to match the requirements of the corporate world with the aspirations of the students. The placement and summer internships are an integral part of any business school's annual calendar activities. INC has a well laid out and systematic process of dovetailing its **student's career aspirations with corporate expectations**. The placement team identifies the potential recruiters; leading companies from relevant sectors are invited to the campus, where the eligible students are facilitated to go through the the entire selection process. The entire process is governed by the students's ability and performance, as well as the requirements and norms of the industry.

SUMMER

Internship Program

FINAL

Placement Program

SUCCESSFUL PEOPLE HAVE FEAR, HAVE DOUBTS, HAVE WORRIES
THEY JUST DON'T LET THESE FEELINGS STOP THEM

T. Harv Ekar

INC SIKAR'S PLACEMENT PROCESS

SUMMER

Internship Program

As a Compulsory part of curriculum, students are required to undergo **Summer Internship with an organisation for a period of 16-18 Weeks**. The Internship has dual objectives:

Firstly, It allows the student to apply the concepts learnt in the classroom and hone their ability to define, diagnose and analyze a specific managerial problem and search for its appropriate solutions.

Secondly it gives, the student a glimpse into the present corporate environment and an appreciation of the interpersonal and influencing skills required to excel in the workplace.

Having handled a live platform, the student comes out of the Summer Internship with much more understanding of management issues facing the organisation, a greater appreciation of operating variables supplemented by a cognizance of the larger business environment.

FINAL

Placement Program

The **Pre-Placement Talk (PPT)** is followed by scheduling of participating companies for placements by allotting the day and time, When they can begin their recruitment process. The entire selection procedure of a company has to be carried out within the time frame allotted to them. Companies may invite CV's of interested students and shortlist students on the basis of their profiles before coming on the campus.

Campus Placement may include written test, Group Discussion and Personal Interview.

"It doesn't make sense to hire smart people and then tell them what to do; We hire smart People so they can tell us, What to Do."

Steve Jobs

KNOWLEDGE IS EXPERIENCE

Facts, skills and understanding that one gains through experience or learning give that person immense control, influence and authority. It is knowledge that has enabled man to conquer nature and invent several devices that made life extremely comfortable.

A man with knowledge has a distinct advantage over the ignorant person because he can use that knowledge either for his advantage or for the good of the society. Knowledge enables a person to wield immense power and influence over others as a knowledgeable person is not only respected but it is also looked upon with awe.

Knowledge is power but Knowledge doesn't come always with power. Knowledge is the "the state of awareness or understanding gained from experience or study, learning specific information about something. This means a person has the resourcefulness to obtain and criticize useful and informative information in order to become well informed citizens who can make intelligent decisions based upon their understanding and awareness of everyday situations.

Literacy is about INFORMATION

Knowledge is about TRANSFORMATION

Gaur Gopal Das
Lifestyle Coach

"The Greater our Knowledge, The Greater our influence on others "

The phrase implies that with knowledge or education one's potential or abilities in life will certainly increase. Having and sharing knowledge is widely recognized as the basis for improving one's reputation and influence, thus power. This phrase may also be used as a jurisdiction for a reluctance to share information where a person believes that withholding knowledge can deliver to that person some form of advantage, Another possible meaning for this phrase can be found in the philosophical idealism, If the world exists solely as the content of consciousness, then knowledge itself can be used to directly manipulate the content of reality.

In college you begin to learn information that you weren't in touch with before. Once you begin to acquire this new knowledge you discover things about yourself you didn't know you possessed. Things you thought were out of reach or something you were not able to accomplish. Attaining new information will enable you to see things in a different light, change your point of view on things. In order to own knowledge one must address it outside of college because there's no point in learning if you can't apply it to anything unless you experience it firsthand.

College will open doors to more opportunities and choices for you in future. Although going to college takes a lot of preparation, it will improve the quality of your life in the long run. College will allow you to gain more knowledge that will be helpful throughout your whole life.

" Knowledge comes by eyes always open and working hard and there in no knowledge that is not Power. "

Jeremy Taylor
